

THIS is how you change the world.

ALL IT TAKES IS A DAY

full of whining, fighting, snotty noses, spilled food, endless messes and complete chaos

to drive me absolutely bonkers and convince me to runaway and put in resignation as a mother.

BUT ALL IT TAKES IS ONE TINY MOMENT

filled with laughter, goofy grins, tender expressions, tight little hugs or the heavenly observation of my baby sound asleep

To remind me that it's all so magical and worth it.
