

WE'VE
BEEN

Egged!

SPRINGTIME

Your house has been egged but don't be alarmed.
We've egged you with love, and nothing was harmed.
Now go find your eggs, there are 12 that we brought.
We hope we've made them easy to spot!

Enjoy your treat and here is something more.
Tape this cute little egg to your window or door.
Egging is our special way of saying **HAPPY SPRING!**
There's only one catch, you must do the same thing.

So think of a neighbor, teacher or cousin:
And egg them as well, with your own special dozen.
Be sneaky and tricky! Be sure you have fun!
You've finished your deeds when 2 houses are done!
